CREATING A WALLET

Go to the Blockchain.info website at
http://blockchain.info

Select **Wallet** from the top menu

Click the
Start A New Wallet
button
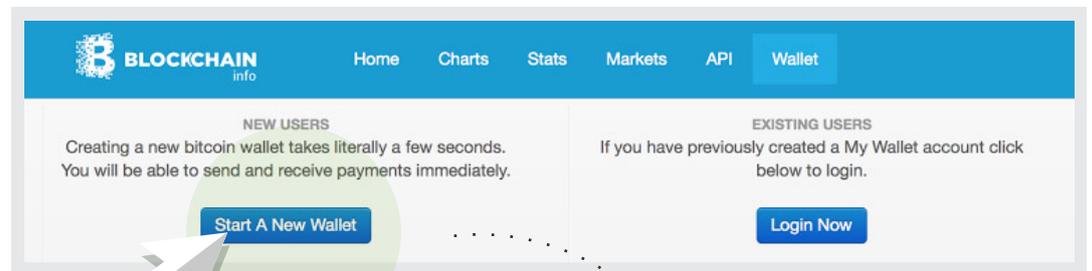

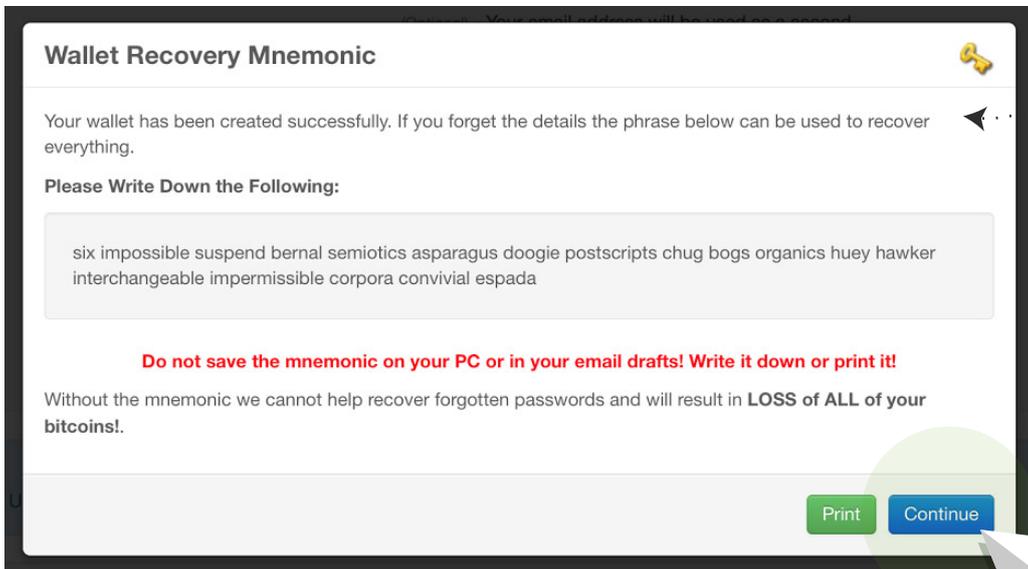

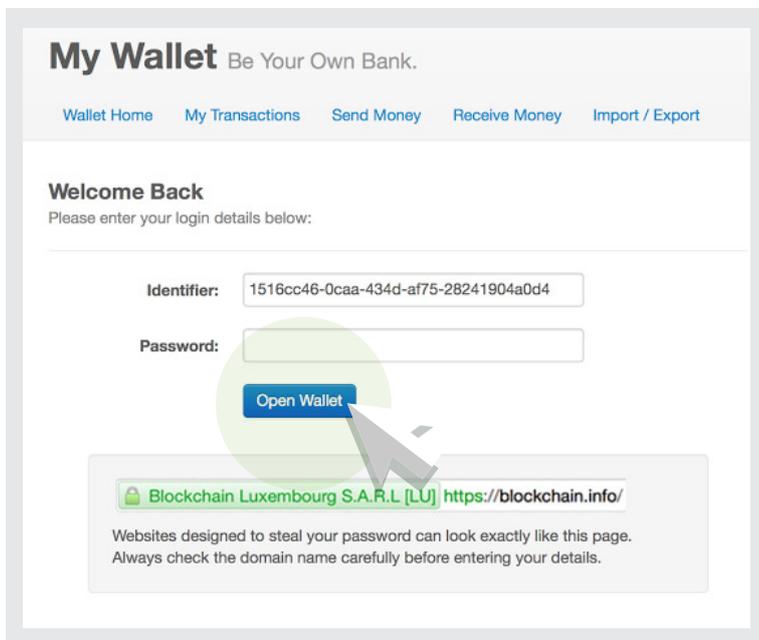

Enter your **Email** address, create a strong **Password** and click the **Continue** button

The following window will appear advising that your wallet has been created.

It will contain a mnemonic generated to help recover details of your Blockchain.info account in case you forget your password. Please read the warnings displayed in the window.

Wallet Recovery Mnemonic

Your wallet has been created successfully. If you forget the details the phrase below can be used to recover everything.

Please Write Down the Following:

six impossible suspend bernal semiotics asparagus doogie postscripts chug bogs organics huey hawker interchangeable impermissible corpora convivial espada

Do not save the mnemonic on your PC or in your email drafts! Write it down or print it!

Without the mnemonic we cannot help recover forgotten passwords and will result in **LOSS of ALL of your bitcoins!**.

Print   Continue

You can "Print" and keep it separately if you feel you might need it.
